

Red Marsh School Spring (1) Newsletter 2018

School Improvement

At Red Marsh School we are always striving to provide fantastic teaching and learning for your child. This year one of our school improvement areas has been the development of our computing curriculum. All our pupils have been working hard to develop their personalised computing targets through an exciting and practical computing curriculum.

Our computing curriculum includes helping pupils to: develop their early switch skills; practical ways to use ICT in the community and more complex computing skills such as creating simple computing programs.

Pupils at Red Marsh School are lucky to be able to use a wide range of technology to develop their skills and understanding.

Our pupils enjoy developing their computing skills in many different ways.

Throughout the computing curriculum we are teaching our pupils how to stay safe online. Our safety message is, "Show or tell a trusted adult if you are upset or worried by anything you see or hear on line." Please take the opportunity to reinforce this important safety message with your child.

Developing ICT skills in the community including work experience placements helps prepare our students for life beyond school.

School Information

If your child is absent from school please ensure you let the school office know on the morning of their first day of absence. This procedure forms part of our attendance policy and is an important part of helping to ensure the safety of our pupils.

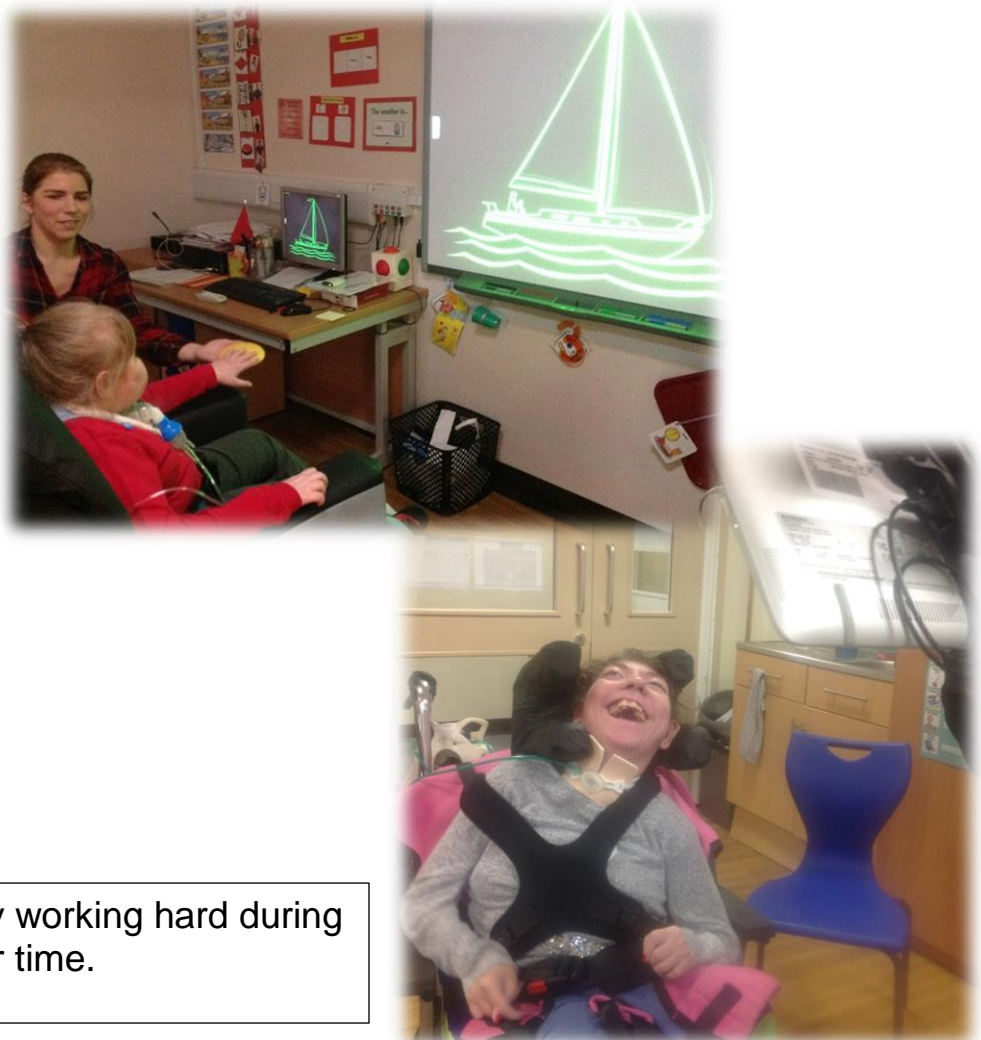

Parents evening will take place on Wednesday 21st February 2018. Appointments will be made through the home school diary.

Please come and support our Spring Fair. This is an important fund raising event for school. If you have any time next term when you could help with the preparation for the Spring Fair, for example asking local business for donations, please could you give your name to the school office.

Dates for your Diary
School Closes for Half
Term – Friday 09th
February 2018

School Re- Opens
Monday 19th February
2018

Parents Evening –
Wednesday 21st
February 2018

We enjoy working hard during
computer time.
