

NSPCC 'Speak Out, Stay Safe' SEND Programme 2018

Pupils at Red Marsh School have taken part in a 'Speak Out, Stay Safe' initiative delivered by the NSPCC.

During this time pupils learnt about personal safety, as well as how to keep themselves safe. Pupils had a fantastic time and learnt a lot during the session.

Some pupils were able to say/show what is meant by personal safety, as well as the steps to take to keep themselves safe; including knowing where and who to go to for help. Please take a look at some of the wonderful things we have done!
